Thank you to Bob Wettermann and his company, **BEST (Business Electronics Soldering Technologies)** for our POC clients to earn a soldering certificate. four of our students attended the week long class and earned their certificate. This educational experience has the opportunity to advance their skill set and possibly look into pursuing a new field of employment!

for approximately 10 years, Bob Wettermann has provided our community with mentoring, business opportunities, education, and more. Because of his vision our clients have help to continue their education and create a better life for their family.
